

Summer 2022

Dear First Grader,
All summer long you've played in the sun,
All kinds of games, you really had fun!
Now that school is starting, you may think that playing is through,
After all, isn't there so much learning to do?

You may be feeling queasy, a little nervous too,
The thought of no more games may be scary to you.
For you to feel that way is really quite a shame,
Since first grade in Shaarei Tzion is learning through fun and games.

With hands-on activities, stories and creative art,
Every one of our first graders is a most important part.
We can't wait to see you and greet you on our very first day of school,
Please remember that learning is fun - that's our first grade rule!

Morah Blumie Klein, Morah Malky Susna, Mrs. Werner & Mrs. Erlanger
